

B.M. Water Meters

T STRAINER FLANGED

Features:

- Compatible with standard Flange Standards like ANSI, ASME
- Strainer Body meets applicable standards
- Generous screen area & properly proportioned straining chamber to minimize the initial pressure drop while maximizing time between cleaning
- Compact End to End dimension

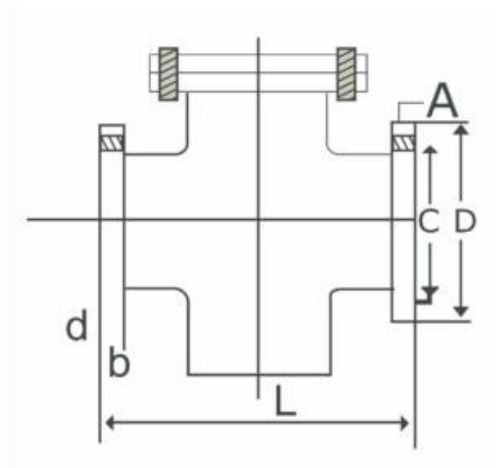

Technical Specifications:

- Body: Cast Iron
- Filter Stainless Steel
- Available Line Sizes: 40 NB to 600 NB
- Nominal Pressure Rating: PN 1.6

Dimensions:

B.M. Water Meters

Performance Data:

Line Sizes	Outside Dia. of Flanges (D)	Thickness of Flanges (B)	Dia. of Bolt Circle (C)	No. of Holes (A)	Dia. of Bolt Holes (D)	Total Length (L)
40 mm	145	19	110	4	19	180
50 mm	165	19	125	4	19	180
80 mm	200	21	160	4	19	230
100 mm	220	22	180	8	19	226
150 mm	285	23	240	8	23	345
200 mm	340	24.5	295	8	23	405
250 mm	395	26	350	12	23	545
300 mm	445	27.5	400	12	23	565
