Price Computing Scale with Printer

Features & Technical Specification:

- High internal resolution
- Bright LED Display
- Software Calibration
- Long Battery Backup (Battery included)
- Power Saving mode
- Overload Protection
- 230 V AC ± 10%, 50 Hz
- Operating temperature: 0°C to 45°C
- 10 W Power consumption
- Ingress Protection IP66
- All Models are approved by Govt. of India
- Calibration Certificate from weights & measures will be provided
- 1 Year warranty
- Available Ranges: 30 kg
- Pan Size: 250 × 300 mm
