

SNUBBER/PULSATION DAMPNER

Application

- Reciprocating Pumps & Compressor
- Hydraulic Machines & Fluid Power system
- Process Plant & Power Plant
- Chemical & Petrochemical Industries
- Clean air, gas & non-crystallizing media

Purpose of Use

- suppress the effect of pressure pulses and pressure peaks, which are common reasons for gauge failure

Technical Details

- Material: Stainless Steel/Brass
- Connection: NPT, BSP

Features

Protects pressure instrument from line surges • Reduce pulsation of process fluid • Improve reading and accuracy of instruments • Horizontal and vertical installation
